

## ANOTHER LOT RECOVERED BY MRS. QUILHOT

Jackson, Mich., Woman Re-  
turns Deed to Property  
Secured From Vice  
Investigator.

## NO CONSIDERATION INVOLVED IN DEAL

Letter Telling of Alleged Oper-  
ations of "Vice Sleuth" is  
Received From Akron,  
Ohio Man.

One more property deed for South  
Bend real estate formerly owned by  
Mrs. Marion B. Miller Quilhot, and  
which was dated Anna Murray in  
Jackson, Mich., has been returned to  
the former Mrs. Miller. Following  
suit of Frank V. Quilhot, cousin of  
John H., in returning two deeds  
Monday, Anna Murray Tuesday sent  
in a quit claim deed for property  
which she held, the value of which  
was \$200.

Of the seven civil suits filed against  
John H. Quilhot and others by his  
wife, only four will remain to be tried.  
One of these Quilhot holds in his own  
name while the others mentioned in  
the civil action are "disinterested"  
third parties.

The property which Anna Murray  
returned to Mrs. Quilhot Tuesday is  
located in Hartman and Miller's sec-  
ond division. The woman intended  
in a personal note sent to Mrs. Quil-  
hot's attorneys that no consideration  
was involved when the transfer was  
made from Quilhot to her, although a  
consideration was recorded.

Quilhot, a well known theory pre-  
valding that the return of the deeds  
by Frank V. Quilhot from Chicago,  
and the Murray woman from Jack-  
son, was done at the instigation of  
John H. Quilhot himself. It is known  
that Cousin Frank, having become  
alarmed over the publicity that has  
been given to the case, wrote to John  
H. last week, telling the latter that  
he did not care to get mixed up in the  
proceedings. In answer to that letter  
John H. wrote back, strongly recom-  
mending to his cousin that the  
property be returned to Mrs. Quilhot.

The total approximate value of the  
property which has been returned to  
the wife of the former investigator is  
\$5,825. The total value of property  
which Mrs. Quilhot charges that  
Quilhot induced her to deed away  
was \$26,625.

Attorneys for Mrs. Quilhot accept  
the return of the property from the  
Murray woman in Jackson as a  
strong indication that the realty was  
secured through fraud. Atty. Lenn J.  
Oare, who saw Frank V. Quilhot in  
Chicago Monday, brought back with  
him an affidavit signed by Frank V.,  
stating that no consideration what-  
ever was involved in the transfer of  
property to him. Saturday night  
Frank and his wife transferred the  
property back to Mrs. Quilhot, but  
the papers were not legal and Atty.  
Oare Monday made a special trip to  
Chicago, inducing them to turn over  
to Mrs. Quilhot warranty deeds.

Deeds Are Recorded.

The deeds were recorded Tuesday  
morning and action will be taken im-  
mediately by Mrs. Quilhot's attorneys  
to bring about a dismissal of the suit.  
It is the contention of the Messrs.  
Oare and Ge that the affidavit se-  
cured from Frank V. Quilhot and the  
return of the deed by Anna Murray,  
as the equivalent to an admission that  
the deeds were secured through mis-  
representation, the grounds of the  
civil charges filed against Quilhot.  
Admission in the three cases is bound  
to be of material benefit to the state-  
ment of the other cases, they state.

## BIG DEAL ON IN BASEBALL WORLD

CHICAGO, Nov. 23.—A deal has  
been closed by which Johnny Evers,  
Hank Gowdy and First Baseman  
Schmidt of the Boston Braves, will  
go to the Cincinnati Reds in exchange  
for Herzog who managed the Reds  
last year, Clark and one other Cin-  
cinnati player, according to infor-  
mation which reached Chicago today di-  
rect from Hank Gowdy himself. The  
Boston catcher is spending the winter  
at his home in Columbus, O.

The deal is to be officially announ-  
ced, the information stated, as soon as  
the third Cincinnati player has been  
selected. The Braves also will re-  
ceive some cash in the deal, although  
how much is not known.

The trade, according to the infor-  
mation from Columbus, was engineered  
by Garry Herrmann, president of the  
Cincinnati Reds, who recently ac-  
quired control of the Cincinnati club.  
With the passing of Evers from the  
Braves line up, it was believed likely  
in local sporting circles that Sher-  
wood Magee would be chosen to cap-  
tain the 1916

## Social Service Fund is Above \$15,000 Mark

Good Will Items Monday brought  
up the total collections for the South  
Bend Federation for Social Service to  
\$15,000.25, taking in \$1,400.00. By  
continuing the collections during the  
remainder of this week, it is thought  
that the total amount for the cam-  
paign will exceed the \$22,000 that  
was secured last year.

Students of the high school helped  
swell Monday's collection by turning  
in more than \$200 that was secured  
through entertainments and subscrip-  
tions from the classes and individuals.  
More money is promised from the  
schools.

Following are the figures for Mon-  
day: Team No. 1, \$44.25; two, \$27;  
four, \$2.70; six, \$4; seven, \$21.42;  
eight, \$80.30; nine, \$54.95; 10, \$7;  
13, \$57.39; 14, \$5.75; 15, \$125; 18,  
\$12; 19, \$15; 24, \$428; 26, \$17; 27,  
\$27; 30, \$28.55; trustees, \$450.

## FIGURES COST OF SCHOOL STUDENT

High School Education Taxes  
City \$67.47 Each Year  
For Each Pupil.

Each pupil in the grade schools of  
South Bend costs the city \$29.81 and  
each high school student represents an  
expenditure of \$67.47 yearly, accord-  
ing to statistics compiled by J. T.  
Giles of Richmond, from the records  
in the office of the state board of  
education and received by Supt. L.  
J. Montgomery Tuesday. The average  
daily wages of high school principals  
in South Bend is \$10, according to  
the report, while the average for ele-  
mentary principals is \$6.71.

Special teachers and supervisors  
receive an average daily wage of  
\$5.38 here. High school teachers get  
an average of 4.76 per day, while the  
grade teachers' average is \$3.71. The  
figures show that for each pupil in  
school there is \$6.00 worth of  
taxable property. Lafayette leads all  
other cities, having \$6,200 for each  
student. Fort Wayne has \$5,700  
of property for each one, while  
Evansville has an even \$5,000.

Students in the South Bend schools  
are fairly regular in attendance, says  
the report, but this regularity is not  
quite equal to three other cities in  
the state. The ratio of the daily at-  
tendance to the total enrollment is  
87.5 per cent, while the ratio of the  
daily attendance to the total popu-  
lation of the city is 13.2 per cent.

## JITNEY DRIVER IS FINED FOR SPEEDING

Harry Freymuth Hasn't \$11 But  
Lawyer Stands Good For  
Assessment.

Harry Freymuth, 813 Ashland av.,  
a jitney bus operator, was found  
guilty of exceeding the speed limit in  
city court Tuesday morning, and fined  
\$1 and costs. Since the young man  
failed to produce the \$11 necessary to  
secure his release, he was confined in  
jail until a friendly lawyer, sorry for  
the lad's plight, stood good for him.

According to the testimony of  
Motorcycle Officer Wesolek, he traced  
Freymuth to the city court to the  
Franklin st. on W. Washington av.,  
about 6 o'clock Monday night. Frey-  
muth was traveling between 25 and  
27 miles per hour, according to the  
officer. The lad said that he was  
having some trouble with his car and  
was anxious to get rid of his passen-  
gers in order that the car could be  
repaired, therefore he drove faster  
than usual.

## MANY CALLS FOR HELP

Heavy Clothing Requested by Poor  
People of City.

Owing to the cold weather of the  
last week, numerous calls for coal  
have been received at the offices of  
the Salvation Army and the Associ-  
ated Charities. More coal has been  
distributed to the needy of South Bend  
during the last few days by the Associ-  
ated Charities than all during the late  
spring and fall. Heavy clothing has  
been in demand by the poor people of  
the city.

## MARKET OPEN WEDNESDAY

People Will Get Chance to Buy  
Thanksgiving Turkeys.

Since Thanksgiving will fall on  
regular market day the public mar-  
ket will be conducted Wednesday  
morning on E. Colfax av. According to  
reports there will be an extraordi-  
narily large number of farmers at  
the market Wednesday morning with  
all the products that go to make up  
the Thanksgiving dinner and City  
Sealer Miller is making preparations  
for handling a large crowd of pat-  
rons.

## GRAND JURY ENDS WORK

Seven More Secret Indictments Are  
Returned.

With the returning of seven more  
secret indictments the grand jury  
Tuesday was discharged for the term.  
The seven brought in Tuesday raised  
the total number of secret indict-  
ments to 16, nine having been re-  
ported Monday in a partial report.

## MARRIAGE LICENSES

William J. Wallace, salesman, Chi-  
cago; Augusta Keasler, Chicago;  
Eugene Louis Renz, mechanic; Eliza-  
beth Rose Quellerette.  
George L. Taverner, moulder, Mish-  
awaka; Veronica Gase, Mishawaka.

## CAPT. BOY-ED ACCUSED IN PLOT TRIAL

Dispenser of German Funds in  
This Country, Says U. S.  
District Attorney Wood  
in Opening Statement.

## IMPORTANT WITNESS IS REPORTED MISSING

Most of the Government Build-  
ings at Washington  
Are Being Closely  
Guarded.

NEW YORK, Nov. 23.—Capt. Boy-  
ed, naval attaché to the German em-  
bassy, was accused in federal court  
today of being the dispenser of Ger-  
man funds in this country and riding  
rough shod over the laws of the land.  
The accusation was made by Asst.  
United States Dist. Atty. Roger Wood  
at the opening of the trial of four offi-  
cials of the Hamburg-American line,  
who are charged with making out  
false manifest papers for 16 merchant  
ships carrying supplies to German  
armies of war.

The government will show that G.  
Kullenkamp received \$750,000 from  
Germany which he deposited in three  
banks," said Mr. Wood. "Shortly  
afterwards, he was visited by Capt.  
Boyed who directed him to send  
\$600,000 to San Francisco for the  
purchase of ships and \$135,000 to Phi-  
ladelphia for the same purpose."

The jury was completed at noon  
and at the same time it was learned  
that an important witness for the  
government, a Philadelphia shipping  
man, had left the country.

Immediately after the jury was  
sworn Mr. Wood began laying the  
government's case before the court.

## GUARD BUILDINGS

WASHINGTON, Nov. 23.—Most of  
the government buildings in Wash-  
ington are now being more carefully  
guarded than at any time in the his-  
tory of the country since Civil war  
days. Officials today refused to dis-  
cuss the unusual precautions being  
taken but it is generally known that  
an attempt by fanatics to destroy the  
buildings with bombs is feared.

Col. W. W. Harte, who is in charge  
of public buildings and grounds, said  
today he recently ordered all watch-  
men to arm themselves. Originally  
the guards were supposed to be armed  
with clubs, but they have been allowed  
to discard their weapons. Now, how-  
ever, they are all armed and in-  
stead of remaining at a certain place  
during the day they are compelled to  
walk "beats" around the buildings.

Every person entering any govern-  
ment building is subjected to the  
closest scrutiny. Anyone carrying a  
bundle or a package is stopped and  
brought to give a good explanation be-  
fore being allowed to enter any build-  
ing.

So far as is known the guard at  
the capital has not been increased.  
The watchmen are all unusually ac-  
tive, however, since reports were be-  
lieved that extra precautions were be-  
ing taken to protect all railroad tun-  
nels and property near the capital.

The Terminal company maintained  
its strong force of extra policemen at  
the Union station and at the entrance  
to the tunnels to south Washington  
today. Officials said that there were  
no developments but that the com-  
pany is taking precautions.

## 100 PERSONS ARE DROWNED

Bride Near Licata, Sicily, Carried  
Down by Floods.

ROME, Nov. 23.—More than 100  
persons were drowned in the valley of  
the Salvo river in Sicily today when a  
bridge, weakened by the flooded con-  
dition of the river collapsed.  
The disaster occurred near Licata.  
Flooded conditions exist throughout  
the island as the result of heavy rains.

## TROOPS HALF STARVED

Two Thousand Villa Followers Are  
Reported at Jallisco.

WASHINGTON, Nov. 23.—In a half-  
starved condition, 2,000 Villa sol-  
diers have arrived in the state of Jalisco  
after a march from the western  
part of Durango, according to advices  
reaching the state department this  
afternoon.

## GERMAN BATTLESHIP IS SUNK SAYS REPORT

COPENHAGEN, Nov. 23.—The Ger-  
man battleship Markgraf is reported  
in maritime circles to have been sunk  
in the Baltic. No details are avail-  
able.

LONDON, Nov. 23.—A dispatch  
from the Rotterdam correspondent of  
the Daily Mail saying one of Ger-  
many's newest dreadnaughts was sunk  
by a mine in the Baltic on Friday,  
may refer to the Markgraf, mentioned  
in the Copenhagen message. The Rot-  
terdam dispatch says that 33 members  
of the crew of the destroyed dread-  
naught were drowned.

The Markgraf was placed in com-  
mission after the war began. It dis-  
placed 25,575 tons, was 580 feet long  
and carried 1,100 men.

## PRETTY CASHIER SAYS SHE HAS BEEN JILTED

MISS ELIZABETH BAXTER

PROVIDENCE, R. I.—Letters and  
diamonds and other costly gifts are  
to figure in the \$100,000 suit for  
breach of promise to marry, the writ  
in advance of which, Miss Elizabeth  
L. Baxter, a pretty cashier of this  
city has just filed against Thomas F.  
Burke, a wealthy wholesale liquor mer-  
chant and stockholder in several brew-  
ing concerns.

Miss Baxter is 26 and Burke is 30,  
and is said to have inherited \$1,000,-  
000 from his father. According to  
Miss Baxter the affair had progressed  
so far that she and Burke had gone  
to New York to pick out the furniture  
for the home now under construction  
here, and which was to have cost \$15,-  
000. She declares that the break came  
when Burke objected to her mother's  
living with them after the marriage.

## BATTLES IN AIR WON BY FRENCH

Two German Crafts Brought  
Down in Belgium—Teu-  
tons Put to Flight.

PARIS, Nov. 23.—Thrilling battles  
in the air between French and Ger-  
man aviators in which the French  
were victorious are reported in today's  
communiqué from the war office.

Two German air craft were brought  
down in Belgium. Near Rheims two  
German aviators were put to flight.  
Five aerial combats in Champagne  
and the Argonne resulted in three  
being forced to land within the Ger-  
man lines. Another was captured. A  
fifth fell to the ground in flames.

The text of the communiqué fol-  
lows:

"There is nothing to add to the pre-  
ceding communiqué.

"In the course of the day of Nov.  
22, our aviators engaged in combat  
at different points on the front. These  
terminated to our advantage.

"In Belgium two German machines  
were forced by our aeroplanes to land.  
In the region of Rheims two aviators  
were pursued and forced to flee.

"In Champagne and on the borders  
of the Argonne five aerial combats  
were fought, following which three  
aeroplanes were forced to land pre-  
cipitately within their lines. Another  
machine which fell was captured. The  
last fell on the ground in flames."

## ALLIES WILL HAVE 10,000,000 TROOPS

England Will Have Four Million Men  
In Field by  
March.

PARIS, Nov. 23.—England will  
have 4,000,000 troops in the field by  
next March. It will also be able to  
arm and supply 6,000,000 Russians.

Lord Kitchener, the British secre-  
tary of war, gave this information to  
the Greek government on his recent  
visit to Athens, according to a dis-  
patch received from the Greek capital  
today.

The dispatch quotes Lord Kitchener  
as saying, after he made known the  
resources of England:

"The Greek army can end only in  
the complete defeat of Germany."

## Italy's Campaign on Isonzo Front is Nearing Success

LONDON, Nov. 23.—Italy's cam-  
paign on the Isonzo front is nearing  
complete success, Gorizia's fall is  
imminent. This will open the way to  
Trieste, whence the Italians can ad-  
vance upon Pola, the great Austrian  
naval base.

The greatest triumph won the en-  
tente front are sorely pressed. They  
state that the Austrians are out-  
numbered three to one, the Italians thus  
being able to use fresh troops in every  
assault against the weary defend-  
ers, and that 1,500 Italian cannon are  
keeping up a tremendous bombard-  
ment.

The official report issued in Vienna  
yesterday admitted that the Italians  
had crossed the Isonzo north of the

## PLANS WILL BE PRESENTED TO CONGRESS

President to Place Responsi-  
bility of Accepting or Defeat-  
ing Preparedness Measures  
Up to Legislatures.

## SWISS ARMY SYSTEM FOR BOYS IS FAVORED

Rep. Warren W. Bailey of  
Pennsylvania Wants Cost of  
Larger Army and Navy  
Paid by Direct Tax.

WASHINGTON, Nov. 23.—Evi-  
dences that democratic leaders are  
very fearful that the administration's  
"preparedness program" will find hard  
lodging when congress meets in a  
fortnight continued to accumulate to-  
day. Dyed-in-the-wool organization  
men of the Tammany type openly de-  
clared that the president made a tacti-  
cal error when he invited the repub-  
lican leaders to discuss his plan with  
him in the white house.

Sen. Chamberlain, chairman of the  
senate committee on military affairs,  
and the man who will handle the ad-  
ministration measure in the upper  
house, announced that he will also  
introduce a bill calling for the adop-  
tion of the Swiss system of training  
the school boys as a measure in re-  
serve.

Rep. Warren W. Bailey of Penn-  
sylvania, stated that if we are to have  
a greatly increased army and navy,  
he wants it paid for by direct tax so  
that the people will know what they  
are spending their own money for,  
and that he will father legislation to  
that effect.

## Statement is Issued.

Meanwhile the attitude of the white  
house developed today in the follow-  
ing statement from one of the presi-  
dent's closest advisers:

"The president believes that the  
people want the country prepared for  
national defense. He will so tell con-  
gress. And he will put the responsi-  
bility for accepting or defeating such  
preparation squarely up to the na-  
tional legislatures. He will not sug-  
gest plans for raising the money for  
this work. That is essentially the duty  
of the legislative branch. If congress  
shall decide to overturn the program  
the president will, from time to time,  
in public utterances, define his own  
position so that the responsibility  
easily can be placed."

Sen. Chamberlain said today that he  
plans to introduce the Swiss system "to  
open the subject to discussion and throw  
light in this country upon the military  
idea which has proven so successful in  
Switzerland, Austria and New Zeal-  
and. He says that this will in no  
way interfere with the general de-  
fense program."

Has Bills Prepared.  
The senator also favors including  
the entire defense plans in one omni-  
bus measure which would have the  
effect of drawing the line sharply be-  
tween the advocates and opponents of  
the plan. The senator stated that the  
program now was in such shape that  
the introduction of the bill—or bills—  
is assured within a week of the assem-  
bling of congress.

In connection with his plan for a  
direct tax Rep. Bailey said today:

"The people now pay the military  
bills without knowing it because of  
the indirect tax system. I have pre-  
pared a bill which will provide for a  
direct tax for military purposes on  
land values. The land values of our  
big cities far exceed those of the rural  
districts so that the money for pre-  
paredness will come from those who  
are most vehemently supporting the  
jingo program."

## TOD SLOAN IS ARRESTED

Famous American Jockey to be De-  
ported by British.

LONDON, Nov. 23.—The Evening  
News states that Tod Sloan, the fa-  
mous American jockey and a French  
actress have been arrested in London  
and that Sloan will be deported to-  
night.

"Sloan," says the Evening News,  
"was arrested under the defense of  
the realm act. The actress will be  
sent to France."

## No Blockade Is in Force Against Greece

LONDON, Nov. 23.—No Greek ships  
are being seized or held up in the  
ports of the united kingdom. No  
blockade of Greek ports has been in-  
stituted or is in force.

These significant statements were  
made in an official announcement is-  
sued by the British foreign office to-  
day.

The foreign office announcement  
was taken to mean that the threat  
to strike Greece in its vital spot—its  
shipping—had served its purpose and  
that the Hellenic government had  
yielded to the chief demands of the  
allies.

At the time the "pacific blockade"  
went into effect it was explained by  
British newspapers that its object was  
to prevent the importation into  
Greece of supplies for a campaign  
while the government was refusing  
to give guarantees that it would not  
allow the enemies of the entente pow-  
ers.

The declarations that the blockade  
was off came just 24 hours after Italy  
had expressed her willingness to join  
in the blockade of Greece.

## NO COERCION IS USED BY TEUTONS

Central Powers Will Permit  
Greece to Fix Own Policy.  
Roumania is Feared.

BERLIN, Nov. 23.—Germany has  
no secret agreement with Greece.  
Teutonic diplomacy is making no  
effort to combat the threats, prom-  
ises and actual pressure being exerted  
by the entente powers at Athens.  
Germany is willing to allow Greece  
to choose her future policy by herself.

German newspapers in analyzing  
the Balkan situation today emphasized  
the foregoing points, but at the same  
time admitted the possibility that  
Greece may be forced into the conflict  
on the side of the allies by England  
and France.

There was a slight recrudescence of  
pessimism apparent, and yet military  
experts were quoted as saying that  
even if Greece joined the entente  
powers in the field with her army of  
500,000 she would find that this posi-  
tion had not been overlooked by the  
German general staff.

Expected Decision Soon.  
A decision by Greece is expected  
very soon, but even if it is adverse to  
Germany it is declared that it will  
have no ultimate effect on the out-  
come of the conflict in the Balkans.

The greatest danger is that a de-  
cision on the part of Greece to join  
the allies might influence Roumania  
to take similar action.

Germany went into the Balkans to  
open direct communication with Con-  
stantinople and to remove the menace  
which remained as long as the Serbian  
army rested against the southern  
boundary of Austro-Hungary.

The way is open to Constantinople  
and the Serb army has been smothered.  
That the victories of the Teutonic  
allies had strong influence upon King  
Constantine is shown by the fact that  
the bulldozing of the agents of France  
and England has been without decisive  
effect.

Situation is Acute.  
Dispatches from the Greek capital  
show that the government realizes  
fully the acuteness of its situation.

Should Greece reject the terms of the  
allies and side with Germany, she  
would have to relinquish her coast  
line, all her islands and probably  
Athens itself. None of the Greek ports  
have fortifications which could stand  
before the bombardment of the great  
Austro-Hungarian army.

The Greek navy, the nucleus of  
which is two old battleships purchas-  
ed from the United States, would be  
annihilated instantly.

Those are the considerations which  
the Greek government must keep in  
mind should it decide to cast its lot  
with the central empires.

On the other hand should Greece go  
in with the allies the way would be  
opened for an immediate invasion of  
Greek territory at Eskije and Petrieth,  
where heavy forces of Bulgars and  
Turks have been concentrated.

The Greek border has been kept  
on the Greek border shows that  
Greece has no secret agreement with  
the German allies despite reports to  
the contrary.

## MRS. MARSHALL BETTER

Early Recovery is Expected by Her  
Physician.

INDIANAPOLIS, Ind., Nov. 23.—  
Mrs. Thomas R. Marshall, wife  
of the vice president of the United  
States had a good night according to  
St. Vincent's hospital attaches. Her  
early recovery is expected by Dr. O.  
G. Pfaff, the attending surgeon.

## TURKS KEEP ALLIES FROM LANDING TROOPS

CONSTANTINOPLE, (via Berlin  
and Amsterdam, Nov. 23.—Efforts by  
the allies to land reinforcements on  
Gallipoli peninsula have been checked  
by guns of heavy caliber sent to the  
Dardanelles front. The war office  
announced today that the Turkish ar-  
tillery had driven off enemy transports  
trying to approach the Gallipoli coast  
at Ari Burnu.

"Near Anafarta" said the official  
statement, "our patrol destroyed  
trenches being constructed by the  
enemy and captured 500 bags of sand  
and a quantity of wire."  
"Our artillery drove off transports  
approaching the coast at Ari Burnu.  
On Sunday we drove off an enemy  
torpedo destroyer attempting to enter  
the Dardanelles."

## LITTLE SERB ARMY COMES BACK TO LIFE

Rallying After Its Destruction  
Was Thought to be Matter  
of Hours Southern Force  
Defeats Bulgarians.

## LOSSES AT MONASTIR PLACED AT 10,000
